STAGE	PRODUCTS AND QUANTITIES	DESCRIPTION
01 CONSULTATION S 3 P 5 L 5		Skin diagnosis, contraindications check, choice of ritual.
02 CLEANSE S 3 P 5 L 5	 Brightening Face Cleansing Gel 3 ml	Cleanse face, neck and décolleté; rinse and pat dry. RICE EXTRACT Brightening cleanse that prepares a clear, even canvas for vitamin C.
03 TONE S 2 P 2 L 2	 Toning Lotion 2 ml	Apply with a cotton pad. Do not rinse. MOISTURISING COMPLEX · LOTUS EXTRACTS · GLYCERIN Rebalances skin pH and provides a first layer of hydration, enhancing the performance of the next product.
04 ACTIVATE S 2 P 2 L 2	 Vitamin C Powder 0.2 g  Activator Serum 2 ml	- In a glass bowl, mix 0.2 g of powder with 2 ml of Activator Serum until fully dissolved (= 10 % vitamin C). - Prepare immediately before use; do not store. Avoid contact with the eyes. PURE L-ASCORBIC ACID 100 % Freshly activated before each treatment for maximum potency of pure vitamin C, with no loss of activity in storage; 1 sachet = 5 treatments. ACEROLA EXTRACT · ANTIOXIDANT ACTIVATION SYSTEM Dual action: stabilises and activates pure vitamin C at the moment of treatment (2 ml + 0.2 g = 10 %), enhances antioxidant activity and penetration; used on its own, it is a high-performance serum for hydration, protection and radiance.
05 INFUSION S 3 P 3 L 3	 Brightening Infusion Gel Mask 8-10 ml	- Apply the activated solution to face and neck. - Cover with an even layer of gel using a fan brush. NIACINAMIDE · ASCORBYL GLUCOSIDE · SUCCINIC ACID · LICORICE One gel for every technique: niacinamide supports the barrier and skin clarity, ascorbyl glucoside brightens, succinic acid energises, licorice evens the tone. Light texture, excellent conductivity and glide, long working time, non-sticky finish.
